INTRODUCTION

Tricky things meetings, will the directors clash on future policies, will the delegates understand the new technology, how do you keep the audience involved and interested all the time? You want the room set up precisely as you instructed - first time, every time. You need the timetable adhered to. You want total peace and quiet and competent hotel staff looking after you. You want effective air conditioning. You want a range of technology that will work efficiently and make your presentation look state-of-the-art.

What's more, you want a hotel which can give the Italian delegates fettuccini as good as Alfredo's in Rome, American delegates steaks as good as Sardis on Broadway and French delegates desserts as delicious as Lasserre in Paris.

You get all that at The County Hotel, but it certainly doesn't stop there. It is equally important that the Chairman gets his messages, that there is a qualified technician immediately on-hand, that rehearsals can continue all night with piping hot coffee and appetising sandwiches arriving to order 24 hours a day.

Any hotel can provide the basics but the challenge for us at The County Hotel is to provide you with a multi-skilled team that understands, delivers and anticipates your every requirement.

Our responsibility is to ensure that you achieve all your objectives with the utmost ease. For this to happen a continuous dialogue between yourself and us is an integral component to the event's success. Rest assured that you do not need to involve an army of outside partners; The County Hotel is the epitome of the modern day one-stop shopping concept. It isn't always known just how much a hotel can do to add to the success of an event. Organisers often settle for the hotel just providing the basics. If required, we can offer you a wealth of organising experience coupled with a belief in the art of the impossible.

TWO HISTORICAL VENUES OFFERING AN EXTENSIVE RANGE OF FACILITIES

The County Hotel has a number of unique venues with a superb range of modern facilities, along with a wealth of history to ensure that you have a truly unforgettable experience here in the heart of Napier.

With 18 luxury rooms, approx 36 beds, it is large enough to accommodate a party of guests, yet small enough to provide that personal touch. The catering facilities range from a la carte, to set menu or a full range of finger food working lunches. All of our meals are sourced from local ingredients, cooked with an array of flavours, ensuring you receive a wonderful dining experience, no matter what you choose.

Across the road from the hotel is the iconic AMP building, home to the New Zealand Wine Centre. This Art Nouveau building has two purpose built theatres, with seating for up to fifty people in each. It is also the perfect place for breakaway groups or a visit to the interactive wine tasting adventure - the ultimate wine experience in New Zealand. The diverse range of facilities and rooms within these historical sites will certainly provide a conference/party/wedding like no other.
